Hello

My name is [REDACTED] Neeley. In mid-October, wife and I became first time homeowners in Historic Filipino Town.

We love our local neighborhood, but are deeply concerned about the amount of trash/ litter that accumulates daily on our streets. We recently began organizing a weekly trash/ litter pickup in our local community every Sunday. Us and a few other concerned neighbors walk the streets picking up others refuse.

There is a growing homeless encampment that has more than doubled in size this past month on 110 Bonnie Brae Ave on the corner of Beverly Blvd. We've come across a growing number of used needles, human feces, and broken glass as we near closer to this corner.

I'm urging you and your team to please, help us clean up this corner before it grows into an unmanageable problem. I know there is not a simple solution to this, and I wish I had a more specific request to help solve the larger issue, but this is not a freeway overpass or an unoccupied space of land by the LA River. This is a residential neighborhood with children and families that are growing increasingly fearful of their own streets.

Please, we must set limits to the types of areas we permit this level of open drug use. The lack of sanitation will spread to wider risks of disease if action is not taken to limit the growth of this local threat. My wife and I implore you and your team to matter seriously.

Hi [REDACTED].

Thank you for reaching out and sorry for the delay in responding. I have reported this location for service and scheduled it early last week. I was out there again this week and updated the request to the Department of Sanitation.

Our goal is to have it scheduled for service next week.

Please let me know if you want to schedule a call to further discuss.

Thank you for reaching out to our office.

Hi Juan

It's truly great to hear from you. I would gladly take you up on an opportunity for a conversation. There are a few of us in the neighborhood that are trying to gather momentum for true and long lasting improvement in the community, and your support would certainly help push that forward. If there's any specific's you'd want to suggest we should be focusing on, the guidance of you and your staff would be greatly appreciated.

From all of us, thank you for scheduling service for 110 Bonnie Brae Ave. I plan on posting, and thanking the city for taking this matter seriously. I'll be sure to be tactful, as I know the homeless crisis is a sensitive issue, but it's important for us to support each other and thank the city when steps are taken to keep our streets clean and safe for our neighbors, friends, and families.

Thank you for hearing our concerns.

Hi [REDACTED],

I am fairly open tomorrow from 10am - 2pm, let me know what works best for your schedule.

I look forward to talking to you.
